

June 2021

Dear Parents

Student Mouthguards

The school policy is to endorse all Sporting Governing Bodies in their guidelines surrounding the use of dental protection within PE and games. All pupils taking part in rugby, hockey or lacrosse at the school throughout the year will require a mouthguard.

Titan has designed a Manor House School Special Addition mouth-guard in their custom-fit range with the school crest and colours. The mouthguard cost is £39.99, with all replacement/spare guards at a reduced cost of £30.00. Titan Mouthguards will be catering for all students wishing to purchase a custom fit dental-fit mouthguard with their remote e-fitting service, allowing pupils to have their Manor House mouthguard fitted and received in advance of the start of the 2021/2022 school year. Along with this, a premium range of boil-fit mouthguards are also available should you feel this is a more suitable option for your child.

If you wish to take advantage of this service, please complete an online order by following the link: <https://titanmouthguards.com/product/manor-house-school-special-edition/>

Titan offer 10% off site-wide for all Manor House School pupils – use code 'MANORHOUSE10' when prompted at checkout.

Titan's prices are vastly reduced from dental practices and other similar services and include:

- E-fitting with a video call fitting appointment to have the student's impressions supervised by a member of the Titan team.
- Custom mouthguards, manufactured with triple laminate technology and hand-finished to achieve the highest level of protection available.
- Student's name embedded on the under-side (custom-fit only).
- Free delivery.

Those with a fixed brace should also follow the link. Titan also provide mouthguard options for those with a fixed brace and your preferred fitting method can be selected on the school's online order form.

For a faster production time of your custom-fit mouthguard, please place your order and return your impression to Titan before 20/08/2021. If ordering in September and October, please allow a production time of 10-15 working days due to increased demand.

Any questions on school mouthguards or any of the details above, should be sent directly to Titan (not to school staff) via their customer service email address:

info@titanmouthguards.com

If you wish, you can still purchase a mouthguard for your daughter from dental practices or other sources. You do not have to purchase one from Titan, however, it is a requirement for one to be worn in lessons and matches.

Kind regards

Mrs Trudy Russo
PE Teacher
